The screenshot shows the GNU Octave download page. The browser address bar displays `gnu.org/software/octave/download`. The page header includes the GNU Octave logo and navigation links: About, Bugs, Donate, Download, Get Involved, and Support. The main heading is "Download" with a download icon. A light blue banner states: "GNU Octave 6.3.0 is the latest stable release. (Release Notes: 6.1.0, 6.2.0, 6.3.0)". Below this is a blue navigation bar with buttons for Source, GNU/Linux, BSD, macOS, and MS Windows. The MS Windows button is circled in red.
